- Device manager
- Windows Media Player 9
- Windows Media Player 10

Highlights

Mini SD Expansion Slot
This special slot on your player accepts standard flash memory SD cards so you can expand additional memory on your player. Enjoy greater flexibility of increased storage capacity anytime and anywhere.

Voice recording
Voice recording converts your GoGear player into a handy dictation machine. Besides playing music or listening to radio, you can also record notes or reminders for work or school, record shopping lists and phone numbers – even song lyrics. By pressing the recording button and speaking into the built-in microphone, voice messages are compressed and stored in the built-in internal memory. Voice recording gives you a highly portable voice recorder allowing you to record anything, anytime and anywhere!

Direct MP3 recording
Record directly to MP3 via digital or analog line-in connections for real-time MP3 encoded files (No PC required).

SuperScroll
For fast and precise navigation to your favorite song. Navigate through hundreds of songs easily and smoothly - or one at a time - in just a few seconds. You can choose to move through your playlist one song at a time or just press and hold down a little longer to SuperScroll swiftly to your desired track.
